

Annual Report

2023-2024

President's Report

Another season, our 94th, of Surf Life Saving is behind us and once again we have successfully navigated a highly diverse community entity.

The WSLSC is part a rostered service, part a call out emergency service, part function & bar service, part educational entity, part sporting organisation and part a community event provider.

What is frustrating, is the apparent stagnation of our capital works program. Its not for want of trying, but I feel the WSLSC is a poor second cousin in the tiers of State and Federal Government. I hear the frustrations from both our members and the broader community and acknowledge the wonderful advocacy which WCC provide. We do everything asked of us, but at the moment, all to no avail. Rest assured we will continue to work toward a new club house, but we are now at the crossroads of having to invest in our current clubhouse to ensure the facility remains reasonably fit for purpose.

However, we should not let this overshadow our performance and the successes we have enjoyed this season.

My sincerest thank you to the Board of Management, and especially our Executive Team: Trav, Josephine and Clinton. Our team remains spirited, supportive, and passionate. This passion is reflected in our strong number of Patrol members, our continued growth (toward pre COVID numbers) in Nippers, our Junior Comp Squad numbers, our renewed member participation and our sensational numbers in member accredited training. My only concern, and one shared by many Life Saving

Clubs, is the poor transition from our cadets into senior competition and Patrol ranks. We have to be smarter and considered in how we keep 18 to 30 year olds engaged. They are the future of our club.

Life Saving Victoria continues to be a paradox – wanting to help, support and develop clubs but tripping over itself due to over regulation on clubs which is effecting member retention and disenchantment.

This year saw the passing of David 'Kodak' Owen. Our club was extremely fortunate to have Kodak.

He served tirelessly. David was always gentle, generous, convivial and considered. David was a passionate advocate for Warrnambool, an environment warrior and just a really nice bloke. Our Club is deeply indebted to David and he is fondly remembered.

It is my intention to run for President in 2024-2025. Should I be successful I will be using this season to continue to advocate for a new club house and to support the development of our young emerging leaders. It is also my intention to make this my final season as President and to develop a new potential leader to take over this wonderful club. In closing- thank you to my family & all the WSLSC members for your work and contribution to 2023/24. Looking forward to another safe, successful summer in the 2024/2025 season.

John McNeil

Club Captain Report

Volunteering is about making a difference in your community.

It helps us to make new friendships and can benefit us personally by allowing us to pursue our passions and interests. Surf life saving volunteerism across Australia contributes 16+ million volunteer hours per year including patrols, water safety and other areas of volunteerism.

At the commencement of the season we had a planning meeting with all our patrol captains and vice captains to gain feedback on the patrol roster to ensure that patrol scheduling provided minimal disruption to carnival and other event obligations. The meeting also allows our club to provide information on new procedures and to review the process for emergency response. Our season started one week earlier than usual, with LSV looking over time to extend the patrol season across the state from mid November to April. This can present challenges in rostering volunteers, particularly with a season end that converges with the start of the all important footy season and some ordinary weather! We are grateful at Warrnambool that many of our volunteers have risen to the challenge, but we are looking to undertake a review of our season hours before next season so that our volunteers are patrolling at the right times to meet demand.

Lifeguard services at our beach continued to operate over the summer from early December to the end of February on weekdays and Saturday morning. This expanded service has ensured our beach is patrolled more than ever before. Our beachside caravan parks and even our locals spend a lot of time around our foreshore over summer, so this expanded service is well utilised.

I would like to extend a thank you to those members who helped meet patrol commitments and who often put their hand up to help when the call went out for water safety for nippers and events. To our patrol captains – all your work in mentoring members, organising patrol attendees and maintaining the quality of our patrol service is greatly appreciated.

Congratulations to our Lifesavers of the Year John Whitson & Justin Houlihan

John Whitson and Justin Houlihan are both long-standing and experienced lifesavers in our club. John is Boat Captain for our club and spends countless hours ensuring that our IRBs are rescue ready. He is a patrol captain and does many hours of water safety for special events.

Justin Houlihan is a past president and Lifesaving Operations Officer for our region in addition to captaining a patrol team. Justin also leads water safety for major events at our club and always puts his hand up to help when water safety is needed. He is also willing to give his time to mentoring up and coming lifesavers.

Despite the fact that both these members could have well and truly earned their retirement by now with their service, to our benefit they continue to put in countless hours that ensure the safe running of our patrols and events. During a swim event at a neighbouring beach this season they conducted a large number of rescues, with their actions ensuring the ultimate safety of swimmers in trouble. Our club is so grateful for the service both John and Justin give to our club, they are great role models for the next generation of lifesavers.

I'd like to extend a special thank you to the following people. Without their support, input and considerable time contribution lifesaving services at our club would not be possible.

Director of Lifesaving: Ben Pennington – Ben commenced his role this season and is looking to bring lots of fresh ideas to the lifesaving space at Warrnambool. His role in helping to co-ordinate patrols and covering emergency response is valued.

IRB & Gear Steward: John Whitson

Chief Instructor: Dean Kilpatrick

Western District Training & Assessment Officers: James Green (Port Campbell), Darryl Patterson (Port Campbell), Kristie Chiller, Clint Joseph (IRB and Gear Inspections)

Western Area Lifeguard Co-ordinator:

Mick Owen

All trainers and assessors of Bronze Medallion and Advanced Lifesaving awards, we couldn't run patrols without you!

Patrol Captains: David Black, Ben Pennington, Jo McDowall, John Whitson, Travis Madigan, Ben Johnson, James Kol, John Cook

Patrol Vice Captains: Justin Houlihan, Kristie Chiller, John McNeil, Noah Steel, Jason Dart, Alex Fletcher, Ben Pennington, Monique O'Brien, Emma Ragg, Molly O'Brien, Clint Joseph, Catie Ragg, Dean Kilpatrick, Ellie Johnson, James Kol, Chris Hoffmann, Mick Owen, Rodney Owen, Jane McMeel, Travis Greening.

Josephine McDowall

A snapshot of our season is outlined below:

PATROL STATISTICS 2023/2024**Number of Active Patrolling Members:**

168

Volunteer Patrol Season Dates & Times:

18th November to 14th April

Every Sat 12-5pm, Sun 10am-5pm

Public Holidays 10am-5pm

Boxing Day to Australia Day 5.30pm finish

Lifeguard Season:

Beginning December to end of February

Mon-Fri 10am-6pm, Sat 10am-1pm

Total Beach Attendance:

17 988

Total number of volunteer member patrol hours:

3617

Rescues:

0 – a first for many years!

Preventative Actions - Actions to prevent rescues & improve beachgoer safety:

8051

Minor First Aid:

82

Major First Aid (ambulance attendance):

2

Finance Report

The Warrnambool Surf Life Saving Club Inc has enjoyed its first financial year based on the standard 1 July – 30 June period. Accordingly, accounts have been audited for the 12 months to 30 June 2024.

The club did not operate profitably for the full reporting period. Net earnings approximated (\$45K). This was due mainly to:

1. significant capital investment into facilities, \$70K, with \$30K being attributed to the bar renovations
2. sponsorship / donation income reducing by \$50K

Members Equity sees an approximate \$40K increase to \$954K.

As of 30 June 2024, we held a total of \$336K in club bank accounts which represents a decrease of \$25K from the previous year's balance.

All audited Financial Statements including Management Letter are attached to this report.

Some items that can be identified as either significantly affecting this year's financial results or warranting discussion or disclosure include the following:

- A significant increase in capital investment into the facility occurred. With a new facility seemingly some years away, the club needs to consider continued investment into the current facility, including disabled access.
- Income from apparel sales, hall hire and social activities increased due to remain healthy with more functions and events on the club calendar.

- The club once again invested heavily in equipment for both competition and core lifesaving operations.
- Whilst in place, Deeds of Agreements (sponsorship agreements) with local businesses / organisations have seen sponsorship income fall outside of the 12-month reporting period.
- The club's apparel department managed by Zoe Stephens and Rachel Main continues to run efficiently and effectively by providing a cost-effective sense of member identity and club profile.

Acknowledgement must go to the following major long-term sponsors:

- Copper Energy who sponsor our ATV
- SW TAFE who sponsor our Nipper Program
- The Bird Group (KFC) who sponsor our beach patrols
- Norton Ford who sponsor our Senior Competition Squad
- Pacific Materials Handling who sponsor our Nipper Trailer (aka 'the red behemoth').

Again, we need to acknowledge McLaren Hunt Financial Group for completing their comprehensive audit on the club's operations and for their feedback and recommendations for further improving our financial processes.

Liz Duncan

Facilities

1. Introduction

The 2023/2024 season has come and gone and the Warrnambool Surf Life Saving Club facility at 76 Pertobe Rd Warrnambool continues to deteriorate and proves a challenge to maintain to an acceptable standard for its club members. Although we have been able to achieve some substantial improvements around the club, the facility is out of date and not fit for purpose.

2. Current Condition Assessment

- **Structural Integrity**
 - **Foundation/Outside Structure:** cracking in brick work has been observed in some of the walls causing issues with the roller doors on the board sheds. A builder has been engaged to provide advice on this issue which has highlighted more issues moving forward.
 - **Roof/Gutter:** The current roof sheeting is sounds. A contractor was engaged this season to clean out all of the guttering on all buildings at the club.
 - **Walls Ceilings/Floor coverings:** The upstairs hall and adjacent rooms are in good condition. This has been improved by the renovation of the club bar this year.
- **Issues currently being address with the building occupied to Simons Water Front:**
 - Leak and damage to the entry on the west side of the building Leak in the window closest to the west entry door
 - New sliding door has been installed on the dry stores room as per request by the Warrnambool city council health inspector.
 - Gaps to be filled in the dry stores room around penetrating pipes and wires
 - Mould issues in the Dry stores room
 - Rodent proofing

• Utilities

- **Electrical Systems:** Discussions have been held about the installation of CCTV cameras in more areas and works on the new bar.
- **Plumbing:** This year we change out one of the instantaneous HWS in the manifold hot water system and works on the new bar
- **Ventilation:** Additional fans where installed to the upstairs area.

• Safety and Compliance

- Flooring in the gym was glued back down
- Installation of new door in the dry stores room in Simon's
- Planned works for the west entry at Simons
- Planned works for current change rooms renovations

3. Other Works

- New board racking
- New shelving

4. Future Recommendations

- **Short-Term Actions:** Immediate repairs or maintenance plan required
- **Long-Term Actions:** 3-5 years maintenance plan needed
- **Strategic Planning:** Explore more options for the long-term vision for the clubhouse.

5. Conclusion

Finally, I would like to thanks everyone at the Warrnambool Surf Lifesaving club for their efforts in helping to maintain and use the club facilities in a safe and practical manner. Input from the members is critical for addressing issues and looking at how we can best improve the facilities moving forward.

Chris Lawlor

Junior Activities

A big thank you to our volunteers for your assistance throughout the 23/24 season. This includes the 60 plus volunteers at each nipper education session, from the BBQ to the set-up team. Also a huge thank you to the 25 plus water safety and 6 designated coaches that attended the competition squad sessions. To the Age Managers and Officials at competitions we thank you for all your help over the 5 carnivals we attended for the year.

The commencement of our season was somewhat smoother than the last few years. With Covid a distant memory and our water quality back to acceptable levels we were able to start our competition squad with no limitations in late October 2023. Our Nipper education program also kicked off as scheduled mid December 2023.

This year saw a number of changes made across the nippers area. Our nipper education season schedule saw a change in format allowing our members to attend junior and senior competitions, swim and club events whilst also allowing a successful nipper education program to be run. We introduced a schedule involving the program alternating between Saturdays and Sundays each weekend for nippers. With the Saturday this week Sunday next week fixture it allowed nipper families with other sporting/working commitments flexibility to attend as many sessions as possible. We also held 2 mid-week sessions over the Christmas New Year period. We had consistent numbers averaging 180 to 190 nippers attending each of the 10 sessions offered concluding with club champs. We did have one session cancelled due to extreme weather resulting in unsafe conditions. This had no effect on the delivery of the nipper education program. The free sausage after each session was also well received by our nippers.

We had 18 SRC cadets obtain their Surf Rescue Certificate and join patrols for the first time. The course was run along side the nipper education program days, this allowed our U14 group to be involved and help deliver the nipper program.

A new initiative this season was the introduction of Age Manager Assistants. This new LSV award invites our youth members to be actively involved in delivering the nipper education program to our nippers under the guidance of an Age manager. We had 4 of our young members take on the challenge and all were successful in achieving the award.

Our Starfish nippers program was also successfully run alongside the nipper education program this season. The all ability / inclusive program with modified beach and water activities saw 6 starfish nippers take to the beach. We were lucky enough to gain our fantastic Starfish Nipper Coordinator, Louise Johnson who headed up the program for the season. A big thank you to all the volunteers taking on and supporting these guys.

We saw approximately 220 nippers enrolled this year plus 18 SRC cadets. Overall approximately 20% up from last year. Age Managers reported increased attendance rates when compared to prior years.

New Years Eve tin rattle through the caravan parks was once again a hit, highlighted by so many positive comments and offers of thanks for what we do from the holiday makers. We also had a small number of parents and nippers walk through the Warrnambool Race Course (we were kindly invited by the Racing Club) at the New Years Eve race meeting, this was an over whelming success with a substantial amount of money raised in a short timeframe.

Our competition squad saw the return of approximately 78 nippers, kicking off training in October. The first of the 5 carnivals the squad attended for the season was Ocean Grove in early December. The nippers also showcased their skills at the following carnivals, Cosy Corner, Point Leo (qualifier) Anglesea and States at Warrnambool. Our athletes showed great dedication, sportsmanship, and determination over the season with many great results not only at states but also the regional carnivals.

Thank you to the coaches, age managers and volunteers, especially those undertaking additional training such as our new sport officials for the culture they maintain, making the competition season fun, inclusive and in turn successful.

Once again, this season the junior competition squad grew in numbers, this in turn brought new families and created opportunity for parents to get involved. Our resource pool was at an all-time high with several junior competition squad parents gaining their bronze medallion, IRB driver, IRB crew, Technical Official and Age manager awards. The dedication many parents have displayed this season was phenomenal, some never involved in anything surf club before are now active members of patrols, helping out with the nipper education program as well as assisting in the training and coaching of our future life savers.

Overall, a fantastic season in the junior area. In closing I would like to acknowledge and thank our Nipper committee members, coaches, and water safety. You all assisted in the delivery of not only a successful season but led by example for what a positive culture can produce.

Thank You.

Travis Madigan

Life Saving

2023/2024 was another great season of lifesaving in Warrnambool. Our patrols operated smoothly responding to many first aids and provided a safe place to swim for locals and tourists alike.

Thanks need to be given to Jo McDowall, who proactively checked in pre-patrol and was instrumental in ensuring covers are found and all patrols meet our minimum requirements. Informal Check-ins were also conducted throughout the season ensuring patrols were operating smoothly in the absence of patrol audits. No major rescues were reported this season – a testament to the preventative actions by our patrolling members.

Our out-of-hours emergency response team operated through a call-out group organised by our Club Captain. Thankfully, no incidents were responded to this season but confidence in this system's effectiveness and responsiveness remains high.

This season LSV introduced the Area Response Officers (AROs) role as a volunteer role to support lifesaving incident management in the Western Region. Warrnambool SLSC's Incident Controllers all embraced this role, delivering needed support to the Lifeguard Service and opening avenues for support collaboration with neighbouring clubs.

The Lifeguard Service continued to operate Monday-Saturday from the 27th Nov – 17th Feb. This service enjoys a strong connection to the club, with a vast majority of shifts in Warrnambool being

filled by our own club members. There were no major rescues by this service in Warrnambool.

This year we continued delivering our skills maintenance and running courses to upskill members with new awards. This continues to be a key priority for our club and success in this area is owed to an outstanding team of trainers, assessors and facilitators.

Further details and statistics of training and lifesaving are available in the reports by the Club Captain and Director of Training.

This directorship was spearheaded by Jackson Fary in first half of this season. Jacko ensured the patrol season began smoothly – ensuring qualifications were renewed, patrols organised and equipment up to standard. The directorship would like to thank Jacko for his incredible efforts over his tenure and acknowledge the work he's put in supporting and leading the club.

Finally, thank you to the club membership for showing up and donating countless hours to make our beaches safer this summer. Whether you are a patrolling SRC, Captain or even behind a computer, this Club appreciates your support however you give it in creating a safe, vibrant coastal community.

Ben Pennington

Media and Communications

The Warrnambool Surf Life Saving Club continues to use a mix of digital and traditional media channels designed to promote the social and community aspects of the club. This encourages members old and new to stay connected with the club and continue to create and foster relationships and connections. This has allowed all members to feel part of what is happening locally and around the country at the different events.

As a club we have continued to use our very own independent membership payment portal as well as our online store. This gives our members the most direct approach to renewing and purchasing memberships, whilst co-existing with the Surf Life Saving Australia's membership portal. The online store also allows club members and even members of the general public to purchase club merchandise.

The club and Warrnambool's community have continued to benefit from the multi vision surf cam, which was installed, allowing viewing from anywhere in the world for free. The cameras provide 24/7 monitoring of beach conditions as well as sponsorship opportunities for the upcoming season.

Our sponsorship program welcomed some new sponsors on board this year, which plays a vital role in ensuring the club's financial security, also providing new craft for our athletes, and lifesaving training and rescue equipment. We are extremely grateful to all the businesses and organisations who continue to provide support, and it is our aim to strengthen and maintain these relationships going forward.

This season we have also continued to produce our member engagement content series. Producing this content allows us to engage with our current and past members as well as the general public, with a strong focus on giving them a feel for what the Warrnambool SLSC is and what we do in the community.

The club has had a strong engagement with the community via our social media pages, with an increase in new followers and likes for the content that was published. This demonstrates that members are keen to stay connected with the club and share the highlights on and off the beach throughout the year.

Kath Madigan

Member Leadership Development

Our 2023-24 season kicked off with the Club launch. It was good to see our Life Members, Active and Junior Members well represented. Along with our Associate Members and families, it was an opportunity to reconnect after the off-season and welcome in the new season.

It has been a successful and busy year in the MLD area as we continue to support our youth and emerging leaders to attend LSV Leadership camps and growth opportunities. Interest and awareness from our youth continues for leadership initiatives and this year seven young members attended LSV programs. Maya Furphy, Zoe Benson, Nellie Boyle, Kai Moloney attended the 2024 Mike Martin Champion Junior Lifesaver Development Day. Patrick Ralston and Luca Dwyer attended the U/13 LSV Leadership Camp and Grace Corbett participated in the U/15 Leadership Camp. All camp participants reported back that they had a great time with positive feedback on the program, friendships, and opportunities the camps offered. Patrick commented that, "it was heaps of fun and the YMCA Lake Dewar Camp was great.....we met heaps of other clubbies and also people we compete against and got to know them a lot better as well as participating in some really interesting activities". The camp offers opportunities for participants to learn about personality and leadership styles and participate in a pathways panel and many adventure activities.

The program is designed for the participants to learn in a fun, safe, and inclusive environment.

WSLSC is actively supporting our members to consider leadership opportunities. This year our Club Captain, Josephine McDowall attended the SLSC National Leaders' Masterclass in Adelaide. The program was an immersive experience of collaboration in leadership and strategic planning with the aim that learnings from the program will support our growth and continuous improvement. We will continue to build awareness and participation in Leadership and Development programs for U/18 and beyond in the coming season.

Our LSV Junior Advisory Committee Member Bethany Ferguson continued to represent our youth at the state level aiming to expand the voice of our young people.

This off-season we saw our gym welcome increasing patronage, from our growing surf boat area. Five ergo rowing machines were added to our gym to enable our crews to build fitness over winter and prepare them for the upcoming season. Gym induction sessions were held for new members with the support of Karen Benson and Toby Pettigrew. We thank all members for their support in maintaining the gym so it can continue to be a valued resource.

Our third Men's Patrol was well supported with youth, senior, and life members attending and taking the opportunity to connect and support each other. The initiative aims to bring the extended club community together to build health literacy and normalise conversations around mental illness. Members joined the Men's Patrol, and enjoyed a shared lunch. A presentation and meal was shared around the patrol tower which is a comfortable space for our men to share important conversations. All members are welcome but the focus is on issues that target at our male membership. This year Dr. Chow, a local General Practitioner, presented an engaging and interactive session focusing on skin cancer detection, diagnosis, and treatment along with a discussion about mental illness and recognition, signs, and symptoms.

This year we were fortunate to welcome our own Karen Benson to speak on women's health and wellbeing as part of our Pink Patrol. Karen's wealth of knowledge as a physio with particular interest and knowledge in the women's health field was both informative and engaging. It was great to have representation from experienced female patrolling members and younger female members connecting and learning from each other. The Pink Patrol acknowledges and celebrates the role of women in lifesaving. It is hoped that positive role modeling will inspire and empower future generations of women and girls to confidently pursue opportunities in lifesaving and aquatics.

We again thank our Club's Child Safety & Wellbeing Officers: Kath Madigan and Ben Johnson for their contribution to supporting our membership throughout the season.

Our season concluded with our annual Awards Dinner and was again well supported, representing all areas of our membership.

The Club's Leaders have once again been acknowledged at local and State Awards. This year our Club was a finalist in the Club of the Year at the South West Sports Assembly Awards and our Vice President Travis Madigan won the Volunteer of the Year Award for his tireless contribution to our Club. The LSV Awards of Excellence this year acknowledges volunteers, achievements, and programs from clubs across Victoria, and this year the Warrnambool Surf Club is proud to have Travis Madigan represent the club as a finalist for the Volunteer of the Year. Our club has also been shortlisted as a finalist in the Community Education Program of the Year. The LSV Awards of Excellence acknowledged, Mia Cook who was awarded, Open Athlete of the Year for the second time in a row which is a wonderful acknowledgment of her commitment to her craft.

Jacinta Roache was nominated this year for the LSV Women in Leadership IWD Recognition. This award recognises the amazing contribution women contribute across varied areas of our club and who go above and beyond in their commitment to volunteerism.

On the shortest day of the year, we once again celebrated the Winter solstice with our annual solstice plunge. A large crowd of brazen club members took the wetsuitless plunge returning to a warm fire and social catch-up. This event highlights the sense of community and comradery that is our club.

This season we have participated along with other volunteer sporting groups in Warrnambool in a, Respect in Sport program auspiced by SWSA. This program aims to identify areas for growth and improvement in our club that will ensure we continue to evolve as an inclusive and gender-fair community organisation.

I would like to thank those who have participated and supported the MLD programs and events throughout the year. With the continued support of our volunteers, we can look forward to a successful and supportive 2024-25 season.

Jacinta Roache

Surf Sports

Surf sports training resumed in August 2023 under Head Coach Steven Kerr. This season saw the introduction of a 'transition' group that had the expert guidance of Rodney and Michael Owen. Steven had oversight of the Club program and was predominantly aligned with the general fitness program and board paddling. Our ski paddling numbers again increased this season and were under the expert coaching of Ben Johnson and Jackson Fary.

The first real hit out of serious competition was the Victorian Endurance Championships held at Cosy Corner, Torquay in October, 2023, with Alana Johnson winning the Open Female Ski event and Mia Cook winning the board and ski in her age group and open divisions.

Competition numbers were strong again and the Club competed at Jan Juc and Ocean Grove before hosting the annual Summer of Surf event in late December, 2023. Competitors from across Victoria, South Australia and a handful of Queensland based raced for a shot at 5000 points to count in the Summer of Surf series. The Club acknowledges the hard work and many hours of planning and execution it takes to make such events a success and this was largely down to Martin O'Brien, so on behalf of the club and our competitors thanks Norm for another great result.

The Jim Wall event in Torquay in January has also joined the Summer of Surf series, once again the Torquay crew put on a great day of racing.

The Victorian Super Surf Teams League and Victorian State teams competed at Maroubra Beach, Sydney from January 13 to 16, 2023 with Warrnambool being represented by Mia Cook in both.

Once again the senior Surf Sports athletes travelled to Sydney to compete at the Manly and Freshwater Carnivals and were hosted by the North Steyne Surf Life Saving Club. Without this support from our friends on the Northern Beaches the competitors would be responsible for their own accommodation

and also miss the history and the team building environment that such an experience brings; our huge thanks go to the Committee and Members at North Steyne.

On January 28, 2023, the Club hosted the Battle of the Bay in conjunction with the Summer of Surf team. Martin O'Brien was the key coordinator for this event from the WSLSC and his efforts along with many other club members is greatly appreciated. A great day of racing was held in super conditions with many of our members having podium finishes including Georgia Ierodionou winning the Under 15 Female Board final and Rory Fawcett coming in second in this race too. The U17 Female Ski and Board, Open Female Board and Open Iron Woman finals were all won by Mia Cook. Coach Steve Kerr also won the Open Men's Board final on our own beach, some great results that all contributed to points in the Summer of Surf to these individuals.

On February 2nd, 3rd and 4th Mia Cook represented the Warrnambool Surf Lifesaving club at the Nutri Grain Next Generation competition, this event raced over the three days mirrored the Nutri Grain series format with one Male and one Female Under 19 athlete receiving a wildcard entry to series in the 2024/25 season. Mia placed second overall, narrowly missing the coveted wildcard by 3 points.

This past season saw a return to the victory dais of a Warrnambool Surf Boat crew, Toby Pettigrew, Xavier Thornton, Leigh Kane and Alex Gynes rowed to victory at the State Titles, taking out the gold in their age division in the Masters event. The crew, ably swept by Gary Askew travelled to a number of carnivals throughout the season including an eventful weekend in Robe.

Ocean Grove Surf Life Saving Club hosted the Victorian State Championships in February, and the club was well represented with 40 competitors trying their utmost in reasonable conditions. Both Beach and Surf athletes acquitted themselves very well with the team bringing home a total of 30 medals. See the appendix for the complete list of medal winners at States.

The final event of the season, The Aussies, was held at Scarborough Beach Perth from March 25 to April 2. WSLSC had 11 members journey across the country to compete, 5 Masters, 3 Youth and 3 Open competitors all raced against the best in the country with some transferring their competition rights to other clubs so they could race in team's events which is an unique factor of the sport. Of the group Mia Cook placed third in the Individual Under 17 Female Board Final and also in the Under 17 Female Board Relay Final; this effort of 2 Bronze Medals was just rewards after the training and the results of her surf sports season.

I would like to acknowledge that the racing season and our obligations at carnivals does draw on a considerable number of people within the Club; to get the race craft to the venue, to drive and crew IRB's, to officiate and coach the teams on the beach is something we need to keep developing our resources in. Special thanks to the Board of Management who have shown great support to the athletes this season.

John Cook

Training

Introduction:

Training for life-saving is critical for emergency response preparedness. This report outlines key training elements to equip individuals with essential skills to respond effectively in emergencies.

Importance of Training for Life-Saving:

1. **Saves Lives:** Training enables timely responses in emergencies, potentially saving lives.
1. **Increases Preparedness:** Equips individuals with knowledge, skills, and confidence for effective emergency response.
1. **Enhances Confidence:** Builds confidence crucial for maintaining composure in high-stress situations.

Types of Training Available:

1. **First Aid Training:** Covers CPR, wound care, and shock treatment.
1. **Water Safety Training:** Includes rescue techniques, basic life support, and safety protocols.

Best Practices for Effective Life-Saving Training:

1. **Interactive and Hands-on:** Enables practical application in simulated environments.
1. **Regular Refresher Courses:** Maintains proficiency in life-saving techniques.
1. **Simulated Scenarios:** Tests skills in realistic settings.

Members:

- Increased commitment to training has enhanced patrol capacity and flexibility.
- The introduction of the new Silver Medallion Patrol Captain (SMPC) Award aims to prepare future Club Patrol Captains.
- Successful implementation is anticipated after refining and blending learning approaches.

Skills Maintenance:

- Focus on online content and demonstrations with emphasis on CPR and Advanced Resuscitation Techniques.
- Over 200 members benefited from skills maintenance sessions.
- Thank you to all members for your commitment and willingness to attend skill maintenance.

Course ID	Course Type Name	Start Date	Finish Date	Candidates
1978734	Skills Maintenance	25/11/2023	25/11/2023	25
1981865	Skills Maintenance	25/11/2023	25/11/2023	15
1974146	Skills Maintenance	5/11/2023	5/11/2023	19
1970543	Skills Maintenance	5/11/2023	5/11/2023	25
1970544	Skills Maintenance	25/11/2023	25/11/2023	25
1986566	Skills Maintenance	19/12/2023	19/12/2023	12
1980741	Skills Maintenance	14/12/2023	14/12/2023	8
1972672	Skills Maintenance	19/12/2023	19/12/2023	9

Table 1: Skill Maintenance:

Conclusion:

Training for life-saving is essential for equipping individuals with the necessary skills to respond effectively in emergencies. The type of training required will depend on the individual's role and responsibilities. However, all life-saving training should be interactive, hands-on, and include regular refresher courses and simulated scenarios. By following these best practices, individuals can be adequately prepared to respond quickly and effectively in emergency situations, ultimately saving lives.

New Awards:

This year, we're proud to announce that over 150 members have upskilled themselves, earning more than 150 new awards. Thanks to Jackson Greene who also ran a course over the winter months, which is not included in the table below.

Course ID	Course Type Name	Start Date	Finish Date	Candidates
1966680	Bronze Medallion	16/10/2023	30/11/2023	14
1966699	Bronze Medallion	16/10/2023	01/12/2023	9
1972682	Bronze Medallion	06/11/2023	04/12/2023	14
1970542	Bronze Medallion	11/11/2023	09/12/2023	14
1978743	Advanced Resuscitation Techniques and First Aid	22/11/2023	29/11/2023	10
1980381	Resuscitation	22/11/2023	22/11/2023	1
1978735	Resuscitation	25/11/2023	25/11/2023	15
1973026	Bronze Medallion Bridging	18/11/2023	09/12/2023	3
1972673	Surf Rescue Certificate	09/12/2023	07/01/2024	14
1985658	Surf Rescue Certificate	19/12/2023	20/01/2024	7
1991400	Inflatable Rescue Boat Crew	26/01/2024	03/03/2024	6
1967449	Bronze Medallion	02/02/2024	19/03/2024	2
1991401	Inflatable Rescue Boat Driver	03/02/2024	17/02/2024	5
2000083	Bronze Medallion	18/04/2024	19/06/2024	16
2000654	Bronze Medallion	18/04/2024	19/06/2024	6

Table 2. Season 2023/24 new awards

Figures are from members enrolling online.

Schools:

We had another successful year with the local school facilitating new Bronze Medallion awards by Justin Hulahan (Emmanuel College) Jason Kermeen (Brauer College) and Jackson Green (Warrnambool College) with these students going on to join our patrols over the summer season. Our school BM training programs encourage many young members to join our club and volunteer. Most importantly they learn essential surf lifesaving skills. The students were very successful in ensuring the progression onto patrols for all those who completed their Bronze and SRC training has helped to boost our patrol capacity and we welcome these new members into our club.

Appreciation:

Once again, I would like to extend my heartfelt appreciation to all the trainers, assessors, and everyone who contributed to the training efforts at our club. The achievement of completing so many awards this season would not have been possible without your dedication and hard work.

As you can see (Table 3 below), it takes a lot of dedicated volunteer hours to run and process all these awards. Therefore, a very big thank you to Josephine McDowall, who also ran courses and skills maintenance in Mildura, Kristie Chiller, Jason Kermeen, Jackson Green, Marli Blackney-Notor, David Ferguson, Clint Joseph, Ben Logan, Travis Madigan, and all water safety for your valuable assistance.

Thanks to the area Darryl Paterson the Western Training and Assessment Officer at Portland and the Port Fairy, and Port Campbell Surf Life Saving Clubs.

Course name	Trainer course instances	Blended course hour requirements	Total Hours
Advanced Resuscitation Techniques and First Aid	1	8.5	8.5
Bronze Medallion	7	39.5	276.5
Bronze Bridging Medallion	1	24.5	24.5
Inflatable Rescue Boat Crew	1	18	18
Inflatable Rescue Boat Driver	1	20	20
Resuscitation	2	1.5	3
Surf Rescue Certificate	2	21.5	43
Total hours			393.5

Table 3: TAF course commitment 23/24

As you can see below, we have experienced a steady increase in the number of members willing to upskill and gain new awards. Congratulations on another productive year in training! We hope to see you all and look forward to working with both old and new members in 2024/25.

Below is a breakdown of total number of courses held over the course of each season.

Table 4 Season 23/24 Statistics:

See you on the Beach.

Dean Kilpatrick

Life Members

Several Life Members have been involved in telling their story in a series that will air in the not so distant future on our Facebook site. Hosted by Matty Monk and produced by James Kol Creative, Matty has interviewed up to thirteen Life Members in order for them to give snapshots of their time in the club. The Life Members that have had the chance to speak have really embraced this opportunity and it will give members some insights into those that have been long time contributors to the club. It is hoped that we can interview all Life Members within the next two years and having this history of storytelling will be a great thing for the club as we head towards 100 years of operations in 2030.

Whenever the Life Members are able to come together, the chat and memories are abundant. Our most recent catch up for a dinner was at the RSL and there is a genuine interest and acknowledgment of the many great things happening within the club at the moment. The Life Members congratulates

the club for again hosting the state titles and all the work that our volunteers put in to make that a success. Also those that contribute week after week for our core business of patrolling the beach. The successes of the Nipper program and those that are achieving great results in competition is also something that the Life Members enjoy seeing and talking about. Lastly, the club is in good hands with a vibrant Board of Management. We pass on our thanks to everyone for the successful season.

On a sad note and during the 2023/24 season, two Life Members passed away. David "Kodak" Owen and Lee Harris contributed heavily to the club in different eras. We thank these two members for their contributions to the club over many years and send our sympathies to their family and friends.

Justin Houlahan

Vale

VALE: DAVID 'KODAK' OWEN (January 2024)

David was a Life Member of our club and this much deserved recognition was obtained in 2016 for his outstanding services to the Warrnambool SLSC over many years. David personified the key values of Surf Life Saving in creating great Australians, building better communities, and saving lives. David was a positive, kind and inclusive person and he greeted all people either with a handshake, a pat on the shoulder or even a hug. His great sense of humour was a welcome source of enjoyment and he loved seeing others succeed. David was involved in many club events whether it be the swim series, helping at the state titles the club has hosted over ten years, the Nipper program, fundraising events and enjoying the many social events at the club.

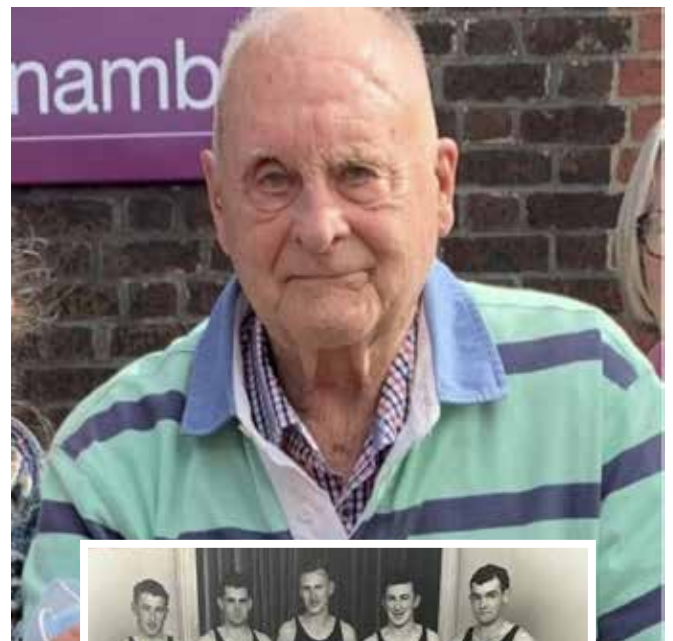

David completed hundreds of hours of voluntary patrol, many of these were as a Patrol Captain or senior leader of his patrol group. David was our Club Captain from 2015 to 2018, overseeing the operations of lifesaving within the club. Several years ago, while reacting to an emergency in the IRB, David and his great mate John Whitson saved a swimmer at Grannies Grave who very nearly perished, and David was also present when the terrible scenario played out at Stingray Bay back in 2005 where five lives were tragically lost to the conditions of that day. He was a source of resilience and comfort in the aftermath. David rowed surf boats competitively for several seasons and he loved getting out on the ocean paddling his surf ski, often completing laps of Lady Bay.

VALE - LEE HARRIS (August 2024)

Lee joined the club as a junior in 1951 and obtained his Bronze Medallion in 1952. He won a junior state surf boat title in 1953 and was a member of the senior boat crew in 1961, that also won a state title. Lee participated in ski events winning some medals at state titles and was a member of our March Past teams throughout the 1950's and again in the 1980's, helping the team win a string of gold medals. Lee obtained his instructors and examiners certificate in the 1960's, judging at many carnivals and assessing bronze examinations. Lee also served on the committee for several years and was an inaugural member of the 'Lifesavers' basketball team and played for many seasons.

Lee was a dedicated member, remembered fondly by his peers and awarded Life Membership in 1967.

2023/24 Annual Awards

Life Member Award	DEAN KILPATRICK
Life Savers of the Year	JOHN WHITSON JUSTIN HOULIHAN
Nipper of the Year	HAMISH CORBETT
